LEOPOLD'S

NAVY STRENGTH AMERICAN GIN

NAVY STRENGTH BATCH NO. _____

Because it was stored next to gunpowder munitions on naval warships, Navy Strength gin was distilled to a proof just high enough that if it spilled during battle, the ship's gunpowder would still ignite. In crafting our version of this maritime spirit, we individually distill each botanical, creating a bold, aromatic gin perfect for classic cocktails.

Gin 750ml, 114 Proof, 57% Alc. by Vol.
