TEXAS ALCOHOLIC BEVERAGE COMMISSION

The Gold Reserve Act outlawed most private possession of gold forcing individuals to sell it to the treasury. In 1937 the US Bullion Depository at Fort Knox opened its doors to store this gold. It was melted and kept in the shape of a Gold Bar. 3 KILOS VODKA is designed to honor the Gold Reserve Act which substantially influenced economic growth in the US and the entire world. The 5 times distilled ultra premium luxury vodka is made from the highest quality hand selected wheat grain that is grown in Holland. This process ensures crystal clear vodka whose smoothness will lure in the elite drinker and allow them to enjoy its unsurpassed taste.

Please enjoy 3 KILOS VODKA responsibly
