It is said that great wine is made in the vineyard. At Destiny Ridge we have an exceptional vineyard site. To have premium grapes for making our wines, it also takes expert management of the vineyard, from planting and training the vines through hand harvesting and sorting the grape clusters. We at Destiny Ridge practice sustainable farming techniques to ensure we only take what Mother Nature provides us and no more. We want to leave our mark in the wines, not on the land. It is through this partnership with our estate vineyard, winery and Mother Nature that we are able to create the Art in the Bottle.
