SEVEN STONES

When you travel the majestic Similkameen Valley, you will come across seven prominent boulders or erratic rocks deposited by the glaciers. Each rock has a story or legend to tell within the history of this land. Our winery pays tribute to the Seven Stones of Similkameen. Standing Rock is a large Erratic rock formation that has been transported and deposited by the glaciers. This huge landmark is known for the graffiti on it. Highway 3 bends around it located a few kilometers west of Keremeos. The other name for the erratic Standing Rock is Love Rock.

Erratic 2013

This multi-layered blend is predominately Merlot with enhancements of Cabernet Sauvignon, Cabernet Franc, Petit Verdot and Malbec. The aromas feature plum, blackberry, cocoa and cedar. These pleasures are followed by flavours of ripe plum, raspberry, coffee, chocolate and vanilla. This wine has a soft mouth-feel and a long lingering finish that is cushioned by juicy velvety tannins.

ENJOY AND FEEL GOOD!
