STONE SOIL SELECT

Real winemakers get their hands dirty. Hands black with wine. That's what Manos Negras Stone Soil Select is sourced is all about. Rolling up our sleeves and getting our hands dirty. That's how we make these hand crafted wines.

Altamira is home to Mendoza's most unique soil profile. Every vineyard in the district has patches of very rocky top soil, rich in calcium and other minerals. These small lots produce Malbec grapes of exceptional concentration with a flinty minerality. Manos Negras Malbec is sourced exclusively from the small lots of rocky, mineral rich soils.
