Biodynamic® 101:

✦ Wildlands ✦

The Demeter Standard sets apart 10% of each farm property to support biodiversity of native flora & fauna. Our vineyards are surrounded by 1000 acres of wildland that hold a mix of oak & conifer forests, and are home to a wide variety of animals including bear, mountain lions, birds & beneficial insects. By protecting our natural habitat, we encourage a healthy balance in our vineyard.

AMERICA'S 1st DEMETER CERTIFIED
BIODYNAMIC® WINERY

Vibrant, focused and expressive with flavors of allspice, huckleberry and underbrush, our Cabernet mirrors the terroir of Redwood Valley's complex ecosystem. Graceful tannins sustain a velvety mouthfeel, with subtle violet notes on the finish. Pair with New York steaks and Gorgonzola butter or wild mushroom risotto.

Our vineyards are located at the headwaters of the Russian River in beautiful Mendocino County. Our Biodynamic wines are crafted in harmony with the rhythms of nature and fermented on native yeasts without chemical pesticides or preservatives. As three generations of organic farmers and winemakers, we find that our care and respect for the earth is reflected in the expression of purity and true terroir in our wines.
