Living Food for the Living Body.[®]

Honoring Tradition

Over 25 years ago, I learned the ancient art of crafting Kombucha and have used the same method and recipe ever since. Traditionally fermented for 30 days, my Classic Kombucha offers a bold signature bite with some naturally occurring alcohol - a byproduct of fermentation that helps protect raw Kombucha's desirable properties. Unpasteurized & unfiltered, each bottle offers organic acids, active enzymes, and billions of living probiotics.

GT Dave, Founder

WHAT IS KOMBUCHA?

Kombucha is a fermented tea crafted with a living culture (known as a SCOBY) added to a base of sweetened tea. The SCOBY consumes sugars and caffeine, transforming the tea into this effervescent probiotic drink known in ancient Asian cultures as "The Tea of Immortality." Real, authentic Kombucha, like GT's, is raw and living, offers a tangy taste, natural effervescence, and visible culture strands.
