MASI.

COSTASERA: the coasts which face the sunset are the best ones in Valpolicella Classica for producing a high-quality Amarone. Here, where the day is longer, the vines, which overlook Lake Garda, benefit from the reflection of its light and its milder climate. Amarone is a unique wine due to its origin, ancient grape varieties and production method (vinification of grapes that have been semi-dried for 3-4 months on bamboo racks). The Costasera Amarone expresses a particular majesty and complexity. Ideal with red meats, game and mature cheeses. An excellent wine for the end of the meal and for ageing. Serve at 17°C (63°F).
