Akori® Cherry Blossom Flavored Gin is the result of the right combination of grain alcohol majority based on rice, juniper and a suggestive selection of Japanese-inspired botanicals among which the cherry blossom stands out.

The freshness of juniper, the delicate notes of the dragon fruit, the citric nuances of the kumquat and the lightly spiced flavor of ginger perfectly marry with the subtle notes of the cherry blossom. This balanced combination of citric and floral brings some fresh nuances that evolve into a soft and silky end in mouth.
