PREDATOR

Six Spot Red Wine LODI APPELLATION

Do ladybugs bring good luck? Some farmers believe that finding a ladybug with six spots signals a bountiful harvest. And, since ladybugs consume crop-damaging aphids, even the least superstitious grower welcomes them, six-spotted or not. When it comes to crafting our wines, we don't rely on luck! For each vintage we blend Petit Sirah, Zinfandel and Malbec to create a wine loaded with varietal character and delicious flavors. ☺
