Ingredienti: acqua, alcol, zucchero, zucchero grezzo di canna muscovado, infuso di tarassaco, achillea moscata, assenzio romano, cardo santo, genziana radice, sambuco fiori. **100%**

Gli erboristi di tutti i tempi hanno sempre preferito il fiore di origine montana in quanto più piccolo e più ricco in principi attivi. In questa antica ricetta il Dente di Leone è affiancato a numerose erbe alpine e all'amaricante muscovado che lo rendono ancor più intrigante al palato.
