BABBLE

We won't bore you with overwrought descriptions of Babble...we're too busy blending great Mendocino County wines. But if we had to pin down the flavors, we think Babble tastes like plum, bacon fat, and blackberry preserves—kinda creamy on the palate with hints of cocoa, and tannins that round out nicely in the finish. Enjoy a glass with friends and hearty fare! And while you're at it, why not take turns coming up with your own wine babble? Vie for the longest, most outrageous faux critique. Special bonus points for using words that don't exist!
