THE BIRTH OF UKA

The tale of Uka begins with the chrysalis of over 90 years of rice-growing tradition by the family of a Japanese American immigrant whose mission is to set the highest quality rice standards. Combining this rice with a select brewer with 300 plus years of sake experience lays the path for the emergence of Uka. Every sip of Uka is a journey traceable back to the organic field from which the rice was harvested. Your patronage helps support butterfly conservation.
