The Brewmaster's Selection Wild Tripel Ale is an audacious combination of craftsmanship and experience. 2 American hops, Amarillo and Cascade, are added to our well known Petrus Tripel to enhance the character and aroma. On top of this, the brewmaster adds 15% of our foeder beer to give it a touch of sourness and fruitiness. This beer is an unprecedented combination of a hoppy tripel and sour foeder beer.

De Brewmaster's Selection Wild Tripel Ale is een gedurfde combinatie van vakmanschap en ervaring. 2 Amerikaanse hopsoorten, Amarillo en Cascade, werden toegevoegd aan onze bekende Petrus Tripel om het karakter en aroma te versterken. Bovenop werd dit bier geblend met 15% van ons foederbier om een vleugje zuurigheid en fruitigheid toe te voegen. Dit bier is een ongekende combinatie van een gehopte tripel met zuur foederbier.

La Brewmaster's Selection Wild Tripel Ale est une fusion entre le métier et l'expérience. 2 variétés de houblons américains, l'Amarillo et le Cascade, sont ajoutés à notre populaire Petrus Tripel pour y renforcer arôme et caractère. En outre, cette bière est composée de 15% de bière de foudre, ce qui y apporte une touche surette et fruitée. Cette bière résulte d'une combinaison inconnue entre une triple et une bière de foudre acide.
