BARLOW

Barlow Vineyards is located on the Silverado Trail between Calistoga and St. Helena at the upper end of the Napa Valley, an area known for producing well structured and dense Cabernet Sauvignon wines. The vines are lyre trellised to take full advantage of the well-drained, down sloped vineyards, with their dominate microclimate of cool nights and warm, wind protected days. This 100% Cabernet Sauvignon was harvested for ultimate ripeness, aged in french oak barrels and then bottle aged until release.
