PRODUCED AND BOTTLED BY PAUL DOLAN  
VINEYARDS, UKIAH, CALIFORNIA

Our vineyard soils are Deep Red, and consequently so is this wine. The deep, rich, iron laced volcanic soils contribute to the unique expression of this carefully nurtured piece of land, made manifest in this bottle. Our intention is to treat the soil and all we grow on it as a living, life giving system. To this end, we do without conventional pesticides and synthetic fertilizers. From natural composts, colorful cover crops and lively bug farms to our owl boxes, mobile chicken coops, pasture animals and family garden, our farming practices create special wines, and sustain the land for generations to come. Deep Red has ripe, round red fruit aromas and deep flavors with complex earthy spice notes. When you stand in our vineyard and taste this wine you know it's home.
