TEXAS ALCOHOLIC BEVERAGE COMMISSION

THE **10SPAN**™ STORY: Gracefully gliding 15,000 feet above sea level, the California condor is the largest flying bird in North America. With a wingspan stretching 10 feet from tip to tip, these flying giants oversee California's spectacular coastline. These majestic birds inspired us to make the wines of **10SPAN**. Artisan-crafted, these wines celebrate the ruggedly beautiful diversity which the California condor calls home.

THE WINE: This Pinot Noir from California's Central Coast offers aromas of bright cherries and currants that carry through to the palate and are complemented with a hint of spice at the finish.

*Proceeds from **10SPAN** wines benefit the Ventana Wildlife Society and its efforts to reintroduce the California condor back into the wild. For more information visit www.ventanaws.org*
