Biodynamic® 101:

→ The Hive ←

At Frey Vineyards, we practice holistic beekeeping. In response to the illnesses that are plaguing bees worldwide, we provide clean, well-ventilated homes for the colonies & avoid the use of all chemicals. The clover & mustard cover crops in our vineyards & the native manzanita, willow & coyote bush provide healthy nectar & pollen. Our bees also love to feast on grape juice at harvest time.

BIODYNAMIC® WINERY

Light and lively, our Chardonnay is layered with tropical aromatics of lemongrass and cherimoya. Flavors of cold Gala apple and a touch of vanilla from French oak lend a refreshing structure. Pair with soft-ripened cheeses or grilled wild-caught salmon.

Our vineyards are located at the headwaters of the Russian River in beautiful Mendocino County. Our Biodynamic wines are crafted in harmony with the rhythms of nature and fermented on native yeasts without chemical pesticides or preservatives. As three generations of organic farmers and winemakers, we find that our care and respect for the earth is reflected in the expression of purity and true terroir in our wines.
