A.D. LAWS TRITICUM STRAIGHT WHEAT WHISKEY

Common Wheat, or Triticum aestivum, is anything but common, it is the grain that defined civilization. Its rich and regal elements inspired man to stop wandering and put down roots. Properly fermented and distilled, Triticum whiskey is approachable and smooth. Our wheat is grown entirely in Colorado's high country infusing the grain with a distinctive rockies terroir resulting in a soft and fruity character accented with caramel and baking spice. Add a splash of water or an ice cube and it is my summer sipper.
