Castle Rock

Our Castle Rock Riesling is produced from grapes grown in Monterey County, where the climate and soil quality provide excellent growing conditions for this varietal. Here, the cooling air from Monterey Bay helps to produce a longer growing season for grapes, with extra hang-time on the vines leading to a characteristic depth of flavor in the wine. Our Riesling is slightly sweet with good balance and acidity, offering delicate forward fruit flavors of apple, peach and apricot. It makes an excellent accompaniment to fish, chicken, pasta dishes, salads and many varieties of Asian cuisine.
