#### TASTE & AROMA PROFILE

### ▶ HERE'S A LITTLE SECRET ABOUT WINE.

Your favorite wines are more expensive than they should be – because most people are willing to pay more for a fancy name. But you're not most people.

That's why we created a proprietary methodology to analyze the taste and aroma profiles of thousands of wines. While it's impossible to produce an identical copy, our award-winning winemakers use our data to create masterful replicas of your favorite wines, and then we typically sell them for a lot less money. Like this California Chardonnay whose tropical fruit, caramel, and spice notes crisply balance full-bodied flavors that echo the nose while adding some yellow stone fruit flavors.
