WEIGH TO KNOW

## TAMTRON TIMBER

**THE SCALE DESIGNED FOR THE USE OF TIMBER-TRUCKERS, INCREASES PRODUCTIVITY BY WEIGHING LOADS ACCURATELY AND RELIABLY DURING THE LIFT**

With Tamtron Timber crane scale the vehicle can be accurately loaded full without crossing the allowed weight limits, so that every load is optimised. Productivity increases when unnecessary trips can be avoided. Timber-scale is easy to use and designed for fast-paced loading.

- ▶ Accurate weighing result
- ▶ Wide memory for various uses, 9 memory slots
- ▶ Weighing link fits on the majority of cranes, many models and sizes
- ▶ USB-memory and XML-data transfer compatible with forest industry companies' systems

## WEIGHING INFORMATION MANAGEMENT

With Tamtron Timber crane scale it's possible to load several different forest owners' wood to one load and categorise the saved weight by the owner to ensure fair play. The information from weighing can also be saved by bundle, total load or by material type. The weighing information can be transferred from the scale to the forest industry companies' systems in compatible XML-form.

## SCALE MODELS

### TAMTRON TIMBER CLASSIC

Well known and recognised by the industry, Tamtron Timber Classic -model is a trustworthy and accurate scale, which reliability and easiness of use is widely known among professionals.

- ▶ Accuracy 1–2% of total load
- ▶ Fast and easy to install and service
- ▶ Is connected to the hydraulics of the crane

All Tamtron Timber scale models include a weighing link, that is available in several different models and sizes starting from 3-tonne standard links.

Wireless link

Classic link

### TAMTRON TIMBER WIRELESS

The measuring result of Tamtron Timber Wireless is very precise. The wireless solution is not connected to the cranes hydraulics, which minimises the impact of temperature changes to the weighing result. The wireless solution fits also to timber cranes with no free space for hoses.

- ▶ Accuracy approx. 1% in normal use
- ▶ Loading style does not affect the weighing result
- ▶ Fast and easy to install and service
- ▶ Long battery life (approx. 2 months in normal use), the batteries are easy to change
