CERTIFICATE

BEST Of 2016

The Initiative Mittelstand for small and medium-sized businesses honors companies with the IT Innovation Award that provide innovative IT solutions with major benefits to SMBs. In this category, the award for BEST OF 2016 is presented by a jury of subject matter experts and awarded to:

COMPANY

UC Point

SOLUTION

UCP DNA365 (Network Quality Analysis)

This exceptional product convinced our jury in particular and, therefore, belongs in the top list of reviewed applications. The IT Innovation Award from Initiative Mittelstand for SMBs has been bridging the gap between ground breaking IT solutions and small and medium business. The official partner of this year's IT Innovation Award is TÜV Informationstechnik GmbH, the technical control board for IT in Germany.
