**VLOW**

The basis  
for all Carado Camper Vans 2019

## Chassis / basic vehicle

- FIAT Ducato 2.31 Mjet, 96kW / 130BHP, emission standard EURO 6
- Daytime running lights
- Driver airbag
- ESP including ASR and hillholder
- ABS
- Electric cab windows
- Central locking cab with remote control
- Fix & Go breakdown kit
- On-board computer with exterior temperature display
- Central cup holder
- Disc brakes, rear and front wheel stabilisers, heat convection, tachometer, power steering, height-adjustable headlights, immobiliser, lap and diagonal seat belts
- 15" steel wheels
- Tablet holder and USB port
- Driver and passenger seats in matching colours
- Swivel driver and passenger seats
- Height and rake adjustment for driver seat (optional for passenger seat)

## Conversion

- Double glazed hinged windows with fly screens and cassette blinds
- Roof light 40×40 cm over lounging area with fly screen and blinds
- Roof light 40×40 cm over bedroom with fly screen and blinds
- Rear storage space with 4 integrated lashing rings

## Comfort

- Bulkhead with step for rear double bed access
- Pedestal in lounging area with integrated storage compartment
- Half dinette with integrated storage compartment
- Rear bed with partial slatted frame for better sleeping comfort
- Slatted bed frame folding upwards (640)
- Ergonomically shaped upholstery for improved seat comfort
- Spotlight in light bar, free positionable (except 601)
- Generous storage compartment and storage options
- Storage space in rear doors and sliding doors
- Spacious wardrobe
- Furniture Almeria Ash
- Floor Toronto

## Installations

- Flexible light strip
- Illuminated pedestal in lounging area
- Individually adjustable LED spotlights
- High-performance, maintenance-free leisure battery (95 Ah)
- Bord-control-panel supplies information about filling levels and battery capacity
- Electric charger for leisure and vehicle battery 12V/18 A (conservation charging)
- CEE 230 V external socket with safety device
- Power outlets 1×12 V, 3×230 V

## Heating / Gas supply

- Gas bottle locker for 2×11 kg gas bottles (except for 601 with 2×5 kg gas bottles)
- Gas heating Combi 4 (except for 601)
- Diesel heating (601)
- Gas control valves easily accessible and centrally arranged

## Kitchen / Water supply

- Ergonomically arranged kitchen with spacious work top
- Large drawers in the kitchen unit (except for 540 l)
- 2-burner hob with piezo ignition and split glass lid
- Work surface behind the hob (except for 540)
- Worktop extension foldable (540)
- Soft-close drawer with cutlery organizer
- 100 l water tank, 90 l wastewater tank
- 90 l compressor refrigerator (except for 540 with 78 l)
- LED light tube
- Suspension bar (except 540)

## Bathroom

- Fixed washbasin
- Spacious storage area
- Cassette toilet C200
- Flush-fitting LED spotlights
- Roof light with fly screen

## Upholstery

- Grafit

## Packages overview

### Basic Package

Wooden duckboard for shower tray

Roof light over lounge area  
700 × 500 mm

Window in the bathroom

Textile cab blinds

Clothes rail in the bathroom

Wide entrance step

Flyscreen door

Rotating plate for table extension in  
seating area

## Chassis Package

Manual cab air conditioning

Passenger airbag

Electric and heated exterior mirrors

Cruise control

Radio pre-wiring with loudspeakers  
and roof antenna (DAB)

Height adjustment on passenger seat

Captain chairs incl. 2 armrests

## Chassis Comfort Package

Leather steering wheel and gear  
knob in leather trim

Instrument panel  
with chrome rings

Instrument panel with applications  
(Techno-Trim)

LED daytime running lights

Headlights with black frames

Radiator grill in glossy black

## The Vlow is full of surprises.

A wide range of solutions designed especially for the Vlow make the Camper Van an all-round reliable and flexible travel partner. If you have the Vlow, you have the real thing.

# Information

## General Information

The “mass in running order” (MIRO) is determined according to the EU Regulation 1230 / 2012. It is based on the basic variant including basic specifications (75 kg for the driver, full tank of fuel, full water tank in running position with 20 litres, gas up to 100 % in an aluminium bottle and an electrical connecting cable). The mass in running order as well as the possible payload and number of passengers may change based on different engines or the specific configuration and due to the addition of optional extras. Variations within the factory tolerances are possible and permitted.

If you order your vehicle with additional equipment and/or are travelling with multiple passengers, you should verify whether it would be appropriate to increase the load capacity of your vehicle.

The information regarding delivery, appearance, performance, dimensions and weight of the vehicles corresponds to existing knowledge at the date of printing and to European homologation regulations. These may change by the time the vehicle is purchased or delivered.

Price list Carado recreational vehicles version 06/2018, prices valid from 15.08.2018.

With the issue of this price list all previous price lists are no longer valid. Throughout Europe there might be different Euro prices. This is due to varying country specifications for standard equipment and due to different VAT or luxury taxes.

Copyrights are held by Carado GmbH. Errors and printing mistakes in technical data are reserved.

## Footnotes (page 5)

General information regarding the permissible number of passengers: with the installation of factory chassis options, optional equipment and packages, the permitted number of passengers can be reduced or a load uprating may be needed (see SE price list for additional weight).

- 1 With the Maxi Chassis – 3,000/750 kg.
- 2 Capacity of fresh water tanks within the Regulation (EU) 1230 / 2012, taking into account the limitation valve on the fresh water tank (fill level 20l when driving) is open.

## Footnotes (page 9)

- 1 If the chassis package (code 80171) is not required, the height adjustment on passenger seat and Captain-Chair with 2 armrests are mandatory.
- 2 If the basic package (code 80139) is not required the clothes rail in bathroom and the flyscreen door are mandatory.

Under no circumstances should the maximum technical permissible laden mass of this motorhome be exceeded.

The “mass in running order” (MIRO) was determined according to the EU Regulation 1230 / 2012 and takes account of the fill level of the fresh water tank when driving, a full aluminium gas bottle (15 kg) and a cable drum (4 kg).

Errors and printing mistakes in prices and technical data are reserved.
