

# WHERE'S MOOCH?

Following our super successful #CreateMooch campaign, Mooch is back - well, kind of - with another exciting challenge: an eight-week Hide & Seek Mooch Mystery, to be precise!

**Are you a problem solver?**

**Do you notice details that others might miss?**

**Maybe you're a long-lost relative of Sherlock Holmes?**

**Well, the game is afoot! And it's not elementary at all . . .**

You see, Mooch has set off on a very big adventure to identify eight cunning hiding spots around Waterfall. Every week, starting Monday 14 June 2021, he will hide in one of these spots, in an effort to defy discovery. We need your help to find him over the next eight weeks.

## How to play:

- Follow the weekly cryptic clue released every Monday on the Waterfall Community Portal and Go Waterfall app Notifications.
  - If you are stumped, look out for the follow-up clue every Wednesday. Mooch may be hiding in the Go Waterfall app, Community Portal, Waterfall.co.za website or the common areas of Waterfall.
- Once you find Mooch, follow the entry instructions to alert us to his hiding place.
- Enter every week to stand **a chance to win the grand prize of R5 000 in cash** (that's Mooch-o moola)!

As Sherlock famously said: "It is a capital mistake to theorise before one has data," so be sure to look out for the clues and then follow your nose to sniff out Mooch's hideout. Good luck!

Details of each week's entry method will be communicated along with the weekly clue.
