Cultivar: QingXinOolong+JinXuan

The tea soup has a perfect thickness, with a subtle lingering aftertaste and pleasant delicacy; the taste is sweet with a hint of smoothness. The aroma carries notes of betel and pomelo flowers, while the tea soup exudes a pure fragrance of sugar apple fruit, accompanied by moderate creamy and sugarcane sweetness. The tea leaves display hues ranging from emerald green to dark green, tightly connected and orderly, while the liquor color is slightly honey green, clear and bright.
