

Taiwan Black Tea (Small-leaf Variety)

Chen, Chen-Ching

(Luzhu District Specialty Crops Production and Marketing Team)

Cultivar: Qingxin Da Mao

Tracking Code: PC012-04-0082

The taste is smooth and mouthwatering, with a lingering sweet and rich aftertaste. The main flavor notes include lychee, sweet orange, bergamot, and dried plum, with a hint of pure sweetness from cane sugar, maple sugar, and honey, along with the floral aromas of rose and gardenia. The aroma carries a hint of pine wood. The tea leaves appear jet black with even golden tips covering them. When brewed, the tea liquor exhibits a range of colors from orange-red to golden-red, clear and bright.
