Team Building and Tours

Strengthen your team in an inspiring atmosphere that promotes creativity and team culture! To get to know MakerSpace practically, we offer a wide range of unusual team building experiences!

Rube Goldberg Workshop

MakerMarket

Hands-on Workshops

Rapid Prototyping Workshop

MakerSpace Tour

Rube Goldberg Workshop

Strengthen your team at our most popular team-building event!
You'll create a chain reaction – the output of one team is the input of the following team – showing what you can do together as a team!

From 20 up to 100 people / 4 hours workshop

Working in individual teams breaks down silo thinking
and promotes creativity

All team members are activated and make a personal contribution

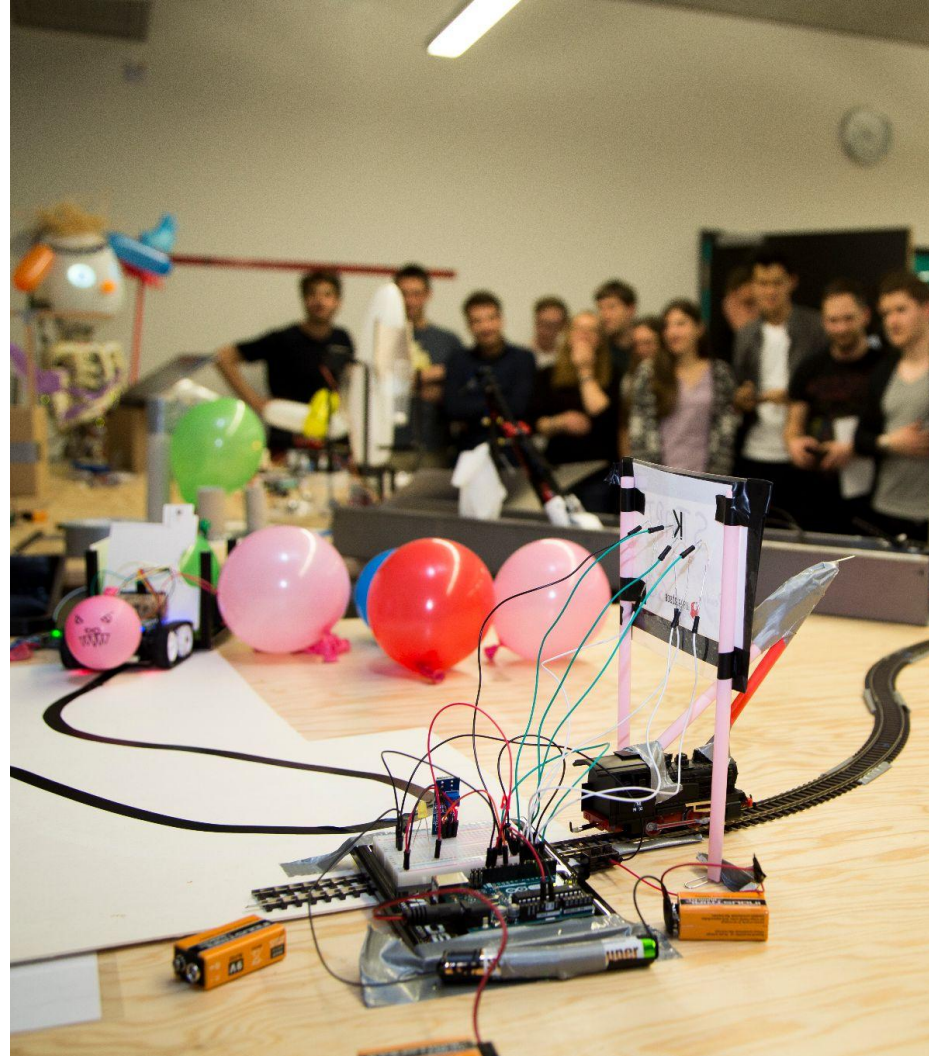

Professional trainers and extensive material

Direct proximity to the high-tech workshop and machines

COSTS

Conception and organization: 3.000 €

+ 120 € p.P. + Catering

Maker Market

Spend an exciting day with the whole team or your customers at MakerSpace. The Maker Stations offer the perfect environment for networking and team building. Get creative, use your hands, and take your souvenir home.

Team event for 10 – 100 people / 4 – 6 hours

4 Maker Stations

- Printing bags (bring your own)
 - Create greeting cards
 - Painting wooden decoration
 - Engrave notebook
-

COSTS

Conception, preparation and organization: 4.000 €

+ 120 € p.P. + Catering

Hands-On Workshop

Get out of the office and into the MakerSpace. In our hands-on workshops, you can create or personalize everyday objects in short sessions with your team.

Team event for 5 – 20 people / Duration: 2 hours

Options

- Personalization of a Brotzeitbrettl or notebook
 - Make your own soap
 - Printing T-shirts with screen printing
-

COSTS

Conception and organization: 500 €

+ 120 € p.P. + Catering

Rapid Prototyping Workshop (1/2 Day)

TEAM
BUILDING | 

Learn the principle of prototyping. This is a process for quickly and inexpensively creating a physical prototype using simple prototyping materials such as pipe cleaners, paper and other manufacturing technologies such as laser cutting. It allows designers and product developers to create models to test, validate, and improve their ideas.

Team event for 5 – 20 people / 4 hours workshop

Icebreaker and networking, MakerSpace Tour

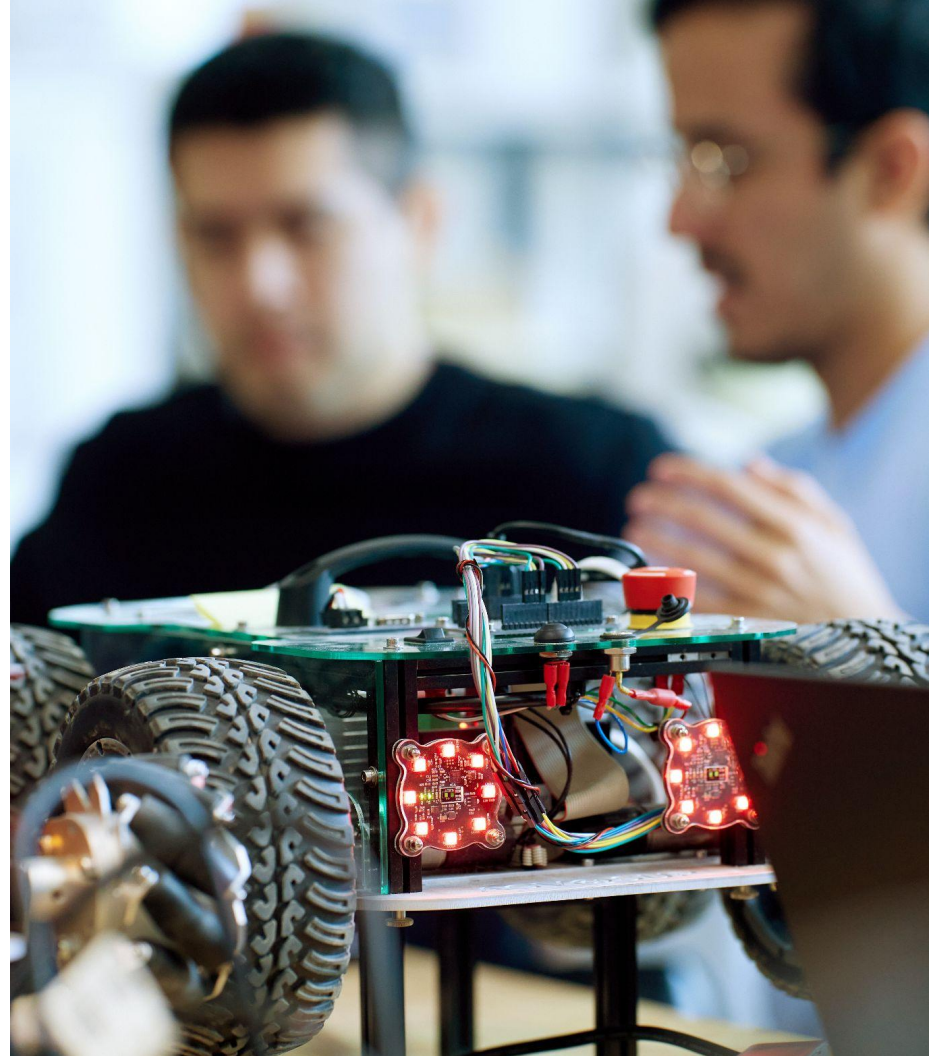

Prototyping Build Session
on a fixed case, delivered by MakerSpace or the customer

Presentation and feedback, Experienced trainer, materials

COSTS

Conception and organization: 2.300 €

+ 120 € p.P. + Catering

MakerSpace Tour

TEAM
BUILDING | 

Our exciting guided tour allows you an in-depth insight into the MakerSpace and its extensive machine park.

Duration: 30 min or 60 min

Number of participants: 2 – 15 per tour

Guided tour through the workshop in Garching or Munich Urban Colab

COSTS

30 minutes: 150 €

60 minutes: 300 €

Events at MakerSpace

Join the MakerSpace to strengthen your partnerships, connect with our start-up ecosystem, and host hackathons that challenge talents to creatively build prototypes. These events provide a unique platform to showcase products and topics while fostering innovation and collaboration amongst your team.

Partner Summit (1 Day)

Hackathon (2 – 5 Days)

Partner Summit

EVENTS
1 DAY 

GOAL

Strengthen cooperation with your partners, connect to the Munich start-up ecosystem, and create a platform to creatively present and promote your products and services in MakerSpace.

CONTENT

- up to 150 people
- Possible as Un-Conference (Barcamp) or Conference (Symposium)
- Collaboration with MakerSpace:
 - Bring your own content, we create the framework
 - Full-day Catering and inspiring location/rooms
 - MakerSpace Tour
 - Marketing support
 - Execution of the event

RESULTS

- Product placement for your brand
- connection with the start-up ecosystem
- Your topics are placed with the target groups relevant to you

COSTS

- From 26.500 €
- Price is compiled on request and depends on the size of the event

Hackathon

EVENTS
5 DAYS

GOAL

Hackathons involve a group of coders who work together on challenges and often compete with each other for a specific duration of time. During the event, there is a particular goal that is attempted to be met via a piece of software or hardware. The projects built are typically called “hacks” and are demoed at the end of the event.

CONTENT

- Up to 50 participants
- Location: 5 days at MakerSpace Garching or Munich + Demo Day
- Hardware Library, Access to the extensive machine park
- Involvement of experienced trainers and experts from the MakerSpace network (different focus areas like Lasercut, Prototyping, Additive Manufacturing, etc.)
- Machine courses to empower participants to incorporate machine use into their prototyping process
- Consulting services for hackathon sessions and talent acquisition
- Catering and Trophies

RESULTS

- Reach tech talents and spark interest in the relevant community
- Problem-solving approaches to a topic or topics defined by you
- Positive association of the participants with your company

COSTS

- From 30.000 €

Thank you!
