

**NOTE REGARDING PTI CERTIFICATES:**  
 The Post-Tensioning Institute (PTI) provides Level 1 / 2 Multistrand and Grouted PT Specialist / Inspector Certificates with different Certificate Titles to differentiate between different technician industry groups. Thus, certificates with titles such as “Level 1 / 2 Bonded PT Ironworker”, or “Level 1 / 2 Multistrand & Grouted PT Ironworker” are equivalent to the same level of Multistrand and Grouted PT Specialist / Inspector Certificates.
