As a man who loves men's feet, such a collection of erotic foot fiction focused on the male foot was a true treasure to find! Such books are worth their weight in gold! There is something here for every man who enjoys other men's feet and footwear, no matter what your taste in men might be. Well-written and varied, these stories fulfill a true need for folks who venture into different erotic experiences.0 of 0 people found the following review helpful. Feet are major players here, but other body parts are not neglected. Greg Herren's "Athlete's Foot" lets the reader vicariously enjoy an outrageously public oil wrestling session between two exceptionally hard bodies. In "Those Boots", by Bill Brent, used leather boots picked up at a BDSM swapmeet trigger an auto-erotic fantasy scene that had me panting. The shoe
