ABOUT THE COURSE

The IP Press is delighted to launch its flagship course on Fintech Law. This comprehensive course on Fintech Law in India provides an in-depth exploration of the legal and regulatory landscape shaping the fintech sector. It is designed to equip participants with a thorough understanding of key modules, starting with an introduction to fintech and its regulatory framework, including the roles of RBI, SEBI, and other authorities. Subsequent modules delve into critical areas such as digital payments and banking regulations, data protection and cybersecurity, blockchain and cryptocurrency laws, consumer protection, and intellectual property rights. Through detailed case studies and real-world examples, participants will gain insights into the legal challenges and resolutions in these dynamic areas, preparing them to navigate and address the evolving legal issues in India's burgeoning fintech industry.

COURSE BENEFITS

- **By the Industry. For the Industry**

Live lectures by the industry experts.

- **Practical Knowledge**

The course will cover the practical legal aspects of the fintech industry along with theoretical knowledge

- **Live Classes**

There will be online live classes where participants will get a chance to interact and Q&A sessions will be conducted

- **Engage and Network**

Participants will be able to interact with the instructors and will get to interact with their fellow fintech law enthusiasts.

THE Top performer will get a chance to publish an article on the IP Press Blog AND WIN A CASH PRIZE OF INR 1000/-. Judged on the basis of blog submissions, a part of the course assessment where participants submit a paper/blog (2500 words max) on a related topic.

DETAILED COURSE PLAN

Module 1: Introduction to Fintech and Legal Landscape

- Overview of Fintech: Understanding the Fintech ecosystem, key technologies, and players.
- Legal Definitions and Scope: Defining Fintech in legal terms and its scope within the Indian context.
- Regulatory Bodies: Roles and responsibilities of RBI, SEBI, Ministry of Finance, and other relevant authorities.
- Regulatory Framework: Key legislations governing Fintech in India, such as the Payment and Settlement Systems Act, Information Technology Act, and guidelines by RBI.

Module 2- Payments and Digital Banking

- Digital Payment Systems: Overview of digital payment methods, including UPI, e-wallets, and mobile banking.
- Legal Regulations: Laws and guidelines governing digital payments, including RBI's Payment and Settlement Systems Act and related notifications.
- Digital Banking Framework: Regulations surrounding digital-only banks, neo-banks, and traditional banks' digital services.
- Compliance Requirements: Ensuring adherence to KYC, AML, and other regulatory compliance measures.

Module 3: Data Protection, Privacy, and Cybersecurity

- Data Protection Laws: In-depth look at the Personal Data Protection Bill and its implications for Fintech companies.
- Privacy Regulations: Key aspects of data privacy under the Information Technology Act and proposed Data Protection Bill.
- Cybersecurity Measures: Legal requirements for cybersecurity, including guidelines from CERT-In and sector-specific regulations.
- Best Practices: Strategies for ensuring data protection and cybersecurity compliance.

DETAILED COURSE PLAN

Module 4: Blockchain and Cryptocurrency Regulations

- **Blockchain Technology:** Understanding the legal implications of blockchain technology in financial services.
- **Cryptocurrency Regulations:** Current legal status of cryptocurrencies in India, including RBI and SEBI guidelines.
- **ICO and Token Offerings:** Legal framework surrounding Initial Coin Offerings (ICOs) and token sales.
- **Regulatory Challenges:** Discussion on the challenges and future outlook for blockchain and cryptocurrency regulations in India.

Module 5: Consumer Protection and Dispute Resolution

- **Consumer Protection Laws:** Understanding consumer rights in the context of Fintech services, including the Consumer Protection Act.
- **Dispute Resolution Mechanisms:** Legal processes for resolving disputes between consumers and Fintech companies, including litigation, arbitration, and mediation.
- **Enforcement of Legal Rights:** Procedures for enforcing legal rights and addressing grievances.
- **Practical Challenges:** Discussion on common challenges in consumer protection and dispute resolution in Fintech.

Module 6: Intellectual Property in Fintech

- **IP Fundamentals:** Overview of intellectual property rights relevant to Fintech, including patents, trademarks, and copyrights.
- **Patents in Fintech:** Understanding patentable innovations in financial technology, application processes, and case studies.
- **Trademarks and Branding:** Legal aspects of brand protection in the Fintech space, including trademark registration and enforcement.
- **Copyright and Software:** Legal protection for Fintech software, databases, and digital content.
- **IP Challenges in Fintech:** Addressing issues such as patent trolls, IP infringement, and cross-border IP enforcement.
