S MAJUMDAR & CO

ADVOCATES, PATENT AND TRADEMARK ATTORNEYS

ABOUT OUR

KNOWLEDGE PARTNER

S. MAJUMDAR &
CO.

S. Majumdar & Co., founded in 1993 is a full service Intellectual Property firm manned with professionals in and specializes in the practice of Intellectual Property Laws including Patents, Trademarks, Industrial Designs, Copyright, Trade secrets. The firm has also ventured into Domain disputes, Licensing, Investigations and Litigations and is currently handling litigations in various forums in the country and abroad. The firm has independent functional offices at strategic locations like Kolkata, New Delhi and Mumbai with competent personnel. The services of the firm extend to all other foreign countries through their strong network of associates.

ABOUT THE COURSE

This comprehensive course on patents is designed to provide a thorough understanding of patent law, procedures, and practical applications in the intellectual property landscape. While not focused on any specific examination, our course offers in-depth knowledge that is valuable for inventors, entrepreneurs, legal professionals, and anyone interested in the field of patents.

Whether you're looking to protect your own innovations, advise clients on patent strategy, or simply gain a deeper understanding of this crucial area of intellectual property, this course will equip you with the knowledge and skills needed to navigate the patent landscape confidently.

OUTCOMES OF THE COURSE:

- **Provide a complete knowledge of patents to students and emerging professionals.**
- **Prepare candidates to qualify for the Indian Patent Agent Examination (Paper I and Paper II) to be held in the year 2025.**
- **Train candidates for the patent agent interview (For candidates who pass Paper I and Paper II).**
- **Provide practical training on how to deal with Indian prosecution and drafting.**
- **Provide training on matters on Indian patent prosecution.**
- **Prepare freshers (looking for jobs in patent firms) for job interviews concerning**

patent agent work

METHODOLOGY

The course is heavily learner-centred and utilizes elements of blended learning. Delivery will involve the completion of a range of activities combining academic and practice-focused learning.

This will include the use of traditional learning activities as well as simulated exercises requiring a good understanding of innovative technologies. Practical, conceptual and strategic/tactical issues will be considered. Learners will have access to comprehensive online resources, interactive tutorials, and test and feedback exercises.

To get the most out of the module, please ensure that you regularly engage with the virtual learning environment where you will find all of the materials you need to complete the module.

INSTRUCTOR

It will be a blend of industry professionals including patent agents, patent attorneys and patent professionals.
