ABOUT THE COURSE

This Crash Course on Patent Agent Exam, 2025 is designed to provide a thorough understanding of patent law, procedures, and practical applications in the intellectual property landscape. This intensive crash course is meticulously designed to prepare candidates for the Patent Agent Exam, 2025. The program provides a comprehensive and strategic approach to mastering patent law, detailed examination procedures, and practical application skills essential for successfully clearing the Patent Agent Exam.

Learn essential drafting skills required for Paper II and trips and tricks to ace the Patent Agent Examination, 2025.

METHODOLOGY

The course is heavily learner-centred and utilizes elements of blended learning. Delivery will involve the completion of a range of activities combining academic and practice-focused learning.

This will include the use of traditional learning activities as well as simulated exercises requiring a good understanding of innovative technologies. Practical, conceptual and strategic/tactical issues will be considered. Learners will have access to comprehensive online resources, interactive tutorials, and test and feedback exercises.

OUTCOMES OF THE CRASH COURSE:

- Provide a complete knowledge of patents to students and emerging professionals.
- Prepare candidates to qualify for the Indian Patent Agent Examination to be held in the year 2025.
- Provide practical training on how to deal with Indian prosecution and drafting.
- Develop professional-grade technical and legal competencies in patent drafting, enabling precise claim construction, comprehensive technical specification writing, and creation of legally robust patent documentation across diverse technological domains.
- Prepare candidates for professional success through intensive interview training for both the Patent Agent Examination and patent industry job market.
