The Sankey diagram illustrates the progression of 222 male wrestlers from high school to college. The diagram is divided into three main sections: High School (left), College (middle), and Post-College (right). Wrestlers are represented by boxes with their names and the number of wrestlers in that category. The flow of wrestlers is shown by lines connecting the boxes. The diagram highlights the progression of wrestlers through various colleges and their eventual placement in the 2017 NCAA Championships.
