

SeascapeRundum 2018

We are planning some pre-event activities and demo sailing for all interested parties. More information will follow soon. The Seascape14 is also coming for you to try.

Boats coming from elsewhere do not require a license from the Lake Constance, and the skipper does not need a Bodensee license, only a regular and valid sailing license, whether domestic or foreign. This has been clarified with the Landratsamt Friedrichshafen and the Wasserschutzpolizei.
