

JABUKA RACE

Two days race training & participation in the race with a Seascope 27
6th to 11th of November 2018

The race

Route: Vodice – Jabuka Rock – Vodice, 90 miles

Over 100 boats on a late evening starting line and sailing around the mysterious volcanic Jabuka rock lying in the middle of the Adriatic are just two things that make this race so special. The November weather could bring anything from calms to strong bura or jugo, the notorious Adriatic winds. There is some 65 out of 90 sea miles of real offshore sailing.

Porta sailing school will be there for the seventh time with their students.

We will also join the Seascope Signature event Jabuka 27.

The Boat: Seascope 27

Contemporary or even avantgarde designed sailing boat, worldwide rewarded. By the words of the designer and manufacturer the mission of Seascope is to bring performance of modern Open race boats to the recreational sailors. The mission succeeded!

For even more sailing pleasure and more contact with the sea and the wind.

Beside this the Seascope 27 is a very stable secure boat.

More about the boat: www.thinkseascope.com

Skipper / instructor

Your skipper and instructor will be Marjan Gorec, one of the most experienced Adriatic skippers. He is in charge of sailing school Porta, maybe the best Slovenian sailing school and a specialist for Seascope boats. Winner of 2016 doublehanded 135 miles long Seascope Challenge race, together with the Seascope 27 designer, Samuel Manuard and the winner of 2017 70 miles edition with a Seascope 18.

Jabuka 27 - Seascope signature event

Traditionally the Seascope company organizes an event around the Jabuka Race.

On Wednesday all the Seascope 27 sailors that join the race gather in Tribunj, a nice little fishermen town, a mile away from Vodice, starting place of the race.

On Thursday a training is organized for all the Seascope 27 Jabuka participants and in the evening some interesting lectures on different topics (like meteorology, tactics, boat speed or similar) are held and of course there is a nice company of other Seascope 27 sailors from all over Europe.

Last year 10 Seascope 27s took part in the event.

- Race, normally finishes between 12:00 and 20:00

Sunday, 11.11. morning: Time limit

- 12:00 Lunch for all the participants of the race and prize giving ceremony

Sleeping

Five people can sleep on board, but by someone's taste it could be too crowded. If someone wants to sleep in a hotel or a room it should be organized by himself / herself or contact Seascope company, which will organize rooms in Tribunj.

We could also consider an idea of renting a small room in Tribunj to store our extra stuff (especially for the time of the race – cushions, clothes, table, toilette doors...).

Price:

640 eur per person

INCLUDED IN PRICE:
