## Driving Abroad

### What countries am I covered to drive in under my policy?

Your snnug policy allows you to drive abroad but only in the following countries at time of publication but this list is subject to change so you must check with us before you travel and you must take your current Certificate of Insurance with you as evidence of compulsory insurance cover: -

Andorra	Estonia	Latvia	Romania
Austria	Finland	Lithuania	Serbia
Belgium	France	Luxembourg	Slovenia
Bulgaria	Germany	Malta	Spain
Croatia	Hungary	Netherlands	Sweden
Cyprus	Iceland	Norway	Switzerland
Czech Republic	Republic	Ireland	Poland
Denmark	Italy	Portugal	

A Green Card (international driving certificate) is not required whilst the UK is a member of the EU or if we leave the EU with a deal. In the event of a "no deal" Brexit a Green Card will be required and will be provided on request.

We do not normally provide cover in any other country outside those named above; however, we will consider doing so under certain conditions, but you must apply to us in advance of travel and additional fees may apply.

### Driving Abroad – Do I need to tell you that I am towing a trailer or caravan?

Only when the UK leaves the EU with no deal. If you are towing either a trailer or a caravan, then you will need a Green Card for both. We will need the make, model and serial number of the trailer or caravan. Call our customer service team on [0800 032 5638](tel:08000325638). Our lines are open Monday to Friday 9am - 5.30pm (excluding bank holidays).

### What is a Green Card?

A Green Card is an international insurance certificate which proves that your UK car insurance policy provides you with the minimum compulsory insurance cover required by the law of the country you're visiting. It's important to note that you may not be granted entry with your vehicle to a country outside the UK without one. Standard policy cover of 30 days is provided, longer periods can be agreed on request.

Green Cards will not be issued automatically, so please contact us at least 14 days before you travel to request one. snnug do not charge an administration fee for a Green Card.

To request the card, call us on [0800 032 5638](tel:08000325638). Please note we don't provide cover outside of the EU.

## Can I drive my car in the European Union (EU) after Brexit?

- Green Card

If you intend to take your vehicle outside of the United Kingdom (UK) after the UK leaves the EU, you will require a Green Card (international driving certificate). You will not be issued with one automatically, so please contact us at least 14 days before you travel to request one. snnug do not charge an administration fee for a Green Card. To request a Green Card, call us on **0800 032 5638**, Monday to Friday 9am - 5.30pm (excluding bank holidays). Once we have issued you with the card, your policy will cover you in the countries stated within your policy documents. Please note we don't provide cover outside the EU.

- International Driving Permit (IDP)

If the UK leaves the EU without a Brexit deal, you will need an International Driving Permit (IDP) to drive in some EU and European Economic Area (EEA) countries.

The rules for passports, EHIC cards, pet travel and more may also change. Check if you need to act now to make sure you can travel as planned.

You will not need an IDP to drive in Ireland, even if there's no deal.

- Which International Driving Permit (IDP) do you need?

In some countries, you'll only need to get a permit in certain situations. For example, if you're hiring a car, or if you'll be there for more than 30 days.

If you're travelling through more than one country, you might need more than one type of IDP.

If you are unsure if an IDP is required, you can check with the embassy of the country you're travelling to. If you're hiring a car, check with your car hire company. Alternatively, you can check the Gov.UK site at <https://www.gov.uk/driving-abroad/international-driving-permit>

## **What is an International Driving Permit (IDP)?**

An IDP is a permit to drive in the country you are visiting.

You can use your Great Britain (GB) or Northern Ireland driving license in all EU or European Economic Area (EEA) countries, and Switzerland. If you're caught breaking the law, for example by a speed camera, the authorities can get the vehicle's registered keeper's details from DVLA. You may need an international driving permit (IDP) to drive outside the EU or EEA.

If the UK leaves the EU without a deal, you will need an IDP to drive in some EU and European Economic Area (EEA) countries. If you are unsure if an IDP is required, you can check the Gov.UK site at <https://www.gov.uk/driving-abroad/international-driving-permit>

In some countries, you'll only need to get a permit in certain situations. For example, if you're hiring a car, or if you'll be there for more than 30 days.

## **Driving Other Vehicles**

### **Does my policy cover me to drive other cars?**

If you have a Van Policy driving other cars extension is not provided as a benefit. If you have a Private Car policy the driving other cars extension is generally allowed subject to qualifying criteria. Your Certificate of Insurance will confirm if this extension is in force. If you are unsure please contact our customer service team for confirmation.

## **Driving without a valid MOT Driving Other Vehicles**

### **Is my insurance still valid if I'm driving without a valid MOT?**

Having a valid MOT certificate is a requirement of all vehicle users under UK law, our policies will not cover your vehicle if you have an accident whilst driving without a valid MOT.

## Held a foreign licence

### **If I have held a foreign licence but now have a UK licence, how many years do I put on the quote?**

If you had to re-take your driving test as part of the transfer, you will need to put the amount of years you held the UK licence for.

If you are transferring it from an international licence and do not need to re-take any test, we may be able to honour the full length of time that you have held the licence so please contact us.

Licences earned in the Republic of Ireland are classed as Full UK Licences.

## Driving in the Channel Islands

### **I live in the Channel Islands; can you cover me?**

Unfortunately, we are unable to provide cover to residents of the Channel Islands or the Isle of Man. Your policy will cover you to visit the Channel Islands and the Isle of Man, some areas require you to have proof of insurance on your person in order to drive there

## SORN

### **Do I need insurance if my vehicle is SORN (Statutory Off-Road Notification)?**

## **Insurance and your occupation**

### **Why does my occupation affect my insurance premium?**

Your occupation is just one of a number of factors used in the insurance industry when calculating your premium.

This will also reflect the underwriters claims experience taken from reviewing many different occupations.

## **Mid-term driving convictions**

### **What happens if I get points on my licence during my policy year?**

If you are convicted of any offence which results in disqualification or the revocation of your licence, then you will need to let us know immediately so that we can talk you through your options regarding your policy.

Any other conviction, such as a speeding offence, will not be taken into account until renewal but it is important that you inform us before we offer an invitation so that we can ensure that your premium is calculated correctly, and the insurance is valid for your current details else you may not be covered in the event of a claim.

## What information to give in the event of an accident.

### What information should I provide in the event of a motor accident?

After an accident occurs, you'll be expected to give the other person certain information. We suggest that you provide the following and ask them for the same details in return:

- Name
- Address
- Contact numbers
- Vehicle make and model
- Registration number
- Insurance details, including the policy number and insurer contact number

### Are my tools insured?

Your tools are not covered by your van policy. Some Tradesman Insurance policies cover tools of the trade, if you have a Tradesman policy please read your policy carefully to ensure you have the cover you require. If you would like Tools in Transit cover we have partnered with a specialist provider and you can find details of this extended cover (only applicable to van insurance policies) on our website.

### Can you insure a Category 'D' Write Off Vehicle?

A category 'D' write off occurs when a vehicle is only lightly damaged but is uneconomical to repair (the total value of repairing the vehicle including hire cars and parts etc. is deemed more than the vehicle is worth), but the vehicle can still be repaired and therefore be legal and safe to use on the road. We can still cover these vehicles; the insurer may want to see a valid MOT certificate and a copy of the V5 document.

### How long is my quote valid for?

Your quote is valid for **30 days** unless your details change in which case you must obtain a new quote to ensure the insurance you purchase is valid.

You can recall you quote on the site you obtained it, amend some details and re-quote, so you don't have to enter all your personal details again. Alternatively, please call **0800 032 5638** to get a revised quote over the phone from our customer service team. Office hours are Monday-Friday 9am-5.30pm (excluding Bank Holidays).

## No Claims Bonus (NCB or NCD)

### What is No Claims Bonus (NCB or NCD)?

No Claims Bonus (also known as NCB or NCD), refers to the number of years you have had a policy in your name without making a claim. The confirmation of your entitlement will usually appear in your renewal invitation, or you can ask your insurance provider to send it to you.

Your snnug No Claims Bonus will be included in your renewal invitation which will be sent to you around 21 days before your renewal date.

### How do I get proof of No Claims Bonus (NCB or NCD)?

Your No Claims Bonus proof is included on your renewal document sent around 21 days before the end of your policy.

If you have cancelled your policy mid-term then the No Claims Bonus proof will be included in the confirmation of cancellation.

If you have any other queries relating to your No Claims Bonus proof, call us on **0800 032 5638** Monday to Friday 9am - 5.30pm (excluding bank holidays).

### Will my No Claims Bonus be affected after an accident?

If you have a claim on your policy where you were at fault or we were unable to recuperate all costs from another party and your policy is due for renewal, your No Claims Bonus (NCB) will be reduced, unless your No Claims Bonus is protected.

If you have protected your No Claims Bonus, there's a limit to the amount of claims you're able to make, your Policy Book will confirm the limitations imposed by your insurer.

### Can I protect my No Claims Bonus (NCB)?

If you have accumulated 4 years or more No Claims Bonus, you can choose to protect it. However, all insurers have eligibility rules which means that not every insurer will offer the protection. For example, some won't allow Protected No Claims Bonus cover if there have been previous claims on a policy.

Protecting your No Claims Bonus means that in the event of a claim your No Claims Bonus wouldn't be reduced and would be retained at the same level at renewal. Each insurer will have their own terms and conditions which are included in your insurance documents.

Please Note: No Claims Bonus protection cannot be added as a mid-year adjustment; it must be included when the policy is incepted or renewed.

If you have protected your No Claims Bonus, there's a limit to the amount of claims you're able to make, your Policy Book.

snnug Insurance is provided by snnug Insurance Services, a trading name of KGM Underwriting Services Limited. KGM Underwriting Services Limited is authorised and regulated by the Financial Conduct Authority, FCA Firm Reference Number 799643

## **I have more than 9 years No Claims Bonus, why does my renewal only show 9 year?**

Our maximum No Claims Bonus level is 9 years, so it will automatically be displayed as such on your renewal notice. This is the same for many insurance companies (they commonly cap discount between 5 - 9 years), however if you come to leave snnug Insurance and have quoted more than 9 years No Claims Bonus to your new insurer, then we may be able to send proof that you have this. If you would like to discuss the possibility of sending evidence of more than 9 years, please contact our Customer Service team on **0800 032 5638**. Our lines are open Monday to Friday 9am - 5.30pm (excluding bank holidays).

## **Do I earn No Claims Bonus (NCB or NCD) as a named driver?**

With most policies it is the policyholder who earns a No Claims Bonus and we do not provide a no claims discount proof for any named drivers.

We can, however, provide a driving history document for the named driver. This will be subject to an administration fee.

Call us on **0800 032 5638**. Our lines are open Monday to Friday 9am - 5.30pm (excluding bank holidays). Once we have collected the administration fee, we can generate the document and provide it via email or by post as agreed.

## **Can I use my No Claims Bonus on more than one vehicle?**

No Claims Bonus (also known as NCB or NCD), is earned on each vehicle you own. Whilst it can be transferred to an alternative car, it cannot be used for multiple vehicles at the same time.

## **Renewals**

### **Will my policy automatically renew?**

When your policy falls due for renewal, we may offer renewal terms. We will write to you around 3 weeks before your renewal date with your renewal premium and terms.

If we are unable to automatically renew your policy for any reason, we will contact you before your renewal date.

### **How will snnug take payment for a renewal?**

If you paid for your snnug Insurance in full previously we will use the card you originally provided us to pay the premium in full to renew your cover, unless you tell us to use an alternative card or payment method, or not to renew.

If you've been paying for your snnug Insurance by monthly direct debit your credit agreement will normally automatically renew too. Your credit provider will detail ongoing instalment ahead of the renewal date.

## Claims

### **How do I report an accident or make a claim under my policy?**

Have your policy number ready when contacting us and call our UK based 24/7 claims assist line on: **0800 0325 637**.

If calling from abroad, please dial: **+44 (0)208 016 4107**

### **What is policy excess?**

The excess is the amount of money you pay towards a claim on your insurance for fire, theft, windscreen or accidental damage to your vehicle even if you aren't to blame for any loss or damage.

If a third party is at fault for the damage to your vehicle you may be able to recover the cost of the excess from their insurer.

### **How long will it take to settle my claim under my Policy?**

Each claim is unique, so it's difficult for us to say exactly how long the process will take.

If your vehicle has been deemed to be beyond economical repair, a qualified engineer who is an expert in vehicle damage assessment will inspect your vehicle and determine its market value, using their own experience and referring to industry recognised retail price guides. Once we have received a copy of the engineering report, we aim to settle your claim within 7 working days.

Occasionally we may ask to see some documentation in order to settle your claim. If you can have your V5C Registration Document, MOT Certificate and Licence check code (available from [www.gov.uk/view-driving-licence](http://www.gov.uk/view-driving-licence)) for you and any named drivers to hand, it will help speed up settlement should we require them

### **Am I entitled to a courtesy vehicle?**

If you are comprehensively covered, you are entitled to a courtesy vehicle from one of our approved garages for the duration of repairs. Unfortunately, if no repair is taking place, or if you have chosen to use your own repairer, we are unable to provide you with a replacement vehicle. We will however, endeavour to settle your claim as quickly as possible.

### **Does the courtesy car cover for stolen vehicles?**

Courtesy vehicle, which is covered as standard if you have a comprehensive policy, only covers for the duration that your vehicle is in a garage for repair following an accident. If your vehicle is written off or stolen or unusable due to a Fire claim, then the courtesy car cover no longer applies.

### **How do I make a claim for glass repair or replacement?**

Call our UK based 24/7 claims assist line on: [0800 0325 637](tel:08000325637) selecting the option for Windscreen cover.

### **If I claim on my car insurance under my windscreen cover will my No Claims bonus be affected?**

If you have Comprehensive Motor Insurance your policy will automatically include windscreen cover.

On the basis that the claim is for glass only and there is no other damage (except scratches made by the glass), your No Claims Discount (NCD or NCB) will not be affected.

### **How do I contact my breakdown recovery company?**

Yes. If you make a claim and your policy is paid by monthly instalments you must still pay the full annual premium due under the credit agreement. ## Vehicle Value

### How would I know what my vehicle value is?

There are many websites that offer some assistance in valuing vehicles, the guide that is most often referred to when assessing motor claims is 'Glass's Guide', which also has an easy to use [website](#). Ultimately, these are all guidelines, the value is the figure you would reasonably expect to get for your vehicle were you to sell it today.

We are unable to provide specific valuations for vehicles due to the individual circumstances such as mileage, wear and tear, incidents etc. This is a financial question that you must provide the answer to.

### **What is No Claims Bonus and Protected No Claims Bonus?**

**No Claims Bonus** (also known as NCB or NCD) refers to the number of years you have had a policy in your name without making a claim. The confirmation of your entitlement will usually appear in your renewal invitation, or you can ask your insurance provider to send it to you.

If you have a claim on your policy where you were at fault or your insurer was unable to recuperate all costs from another party and your policy is due for renewal, your No Claims Bonus will be reduced, unless your **No Claims Bonus is protected**.

For **snnug** policies it is only the policyholder who earns a No Claims Bonus.

If you have accumulated 4 years or more entitlement, you can choose to **protect it**. However, all insurers have eligibility rules which means that not every insurer will offer the protection. For example, some won't allow Protected No Claims Bonus cover if there have been previous claims on a policy.

**Protecting your No Claims Bonus** means that in the event of a claim your No Claims Bonus wouldn't be reduced and would be retained at the same level at renewal. Each insurer will have their own terms and conditions which are included in your insurance documents.

**snnug** maximum No Claims Bonus level is 9 years, so it will automatically be displayed as such on your renewal notice.

If you have protected your No Claims Bonus, there's a limit to the amount of claims you're able to make. Our **snnug** policy document shows what happens when you make more than 2 claims in any 4 year period.

No Claims Bonus is earned on each vehicle you own. Whilst it can be transferred to an alternative car, it cannot be used for multiple vehicles at the same time.

Please Note: No Claims Bonus protection cannot be added as a mid-year adjustment, it must be included when the policy begins (or renews),

### **Can I insure my van or car in my company name?**

We do not offer quotations in a company name. The main driver must be the policy holder, the owner and the registered keeper.
