Complete the measure

Every bar is missing **one** note or rest. Count what is there, find out how much time is left, and draw the **one** note or rest that fills the bar exactly in the box. The time signature tells you how much each bar holds (Handouts 44, 45 and 359).

eighth ½ beat · **quarter** 1 · **dotted quarter** 1½ · **half** 2 · **dotted half** 3 · **whole** 4

in 6/8, count **eighths**: a dotted quarter = 3

A **2/4** — 2 beats

B **3/4** — 3 beats

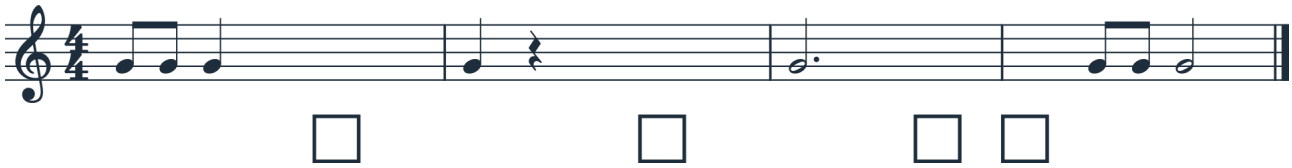

C **4/4** — 4 beats

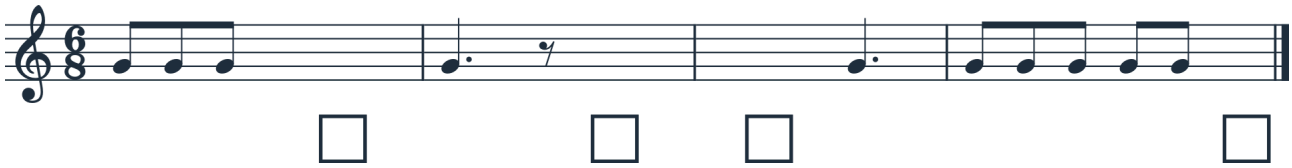

D **6/8** — 2 beats of 3 eighths

E **4/4** — 4 beats

F **6/8** — 2 beats of 3 eighths

Hint Write the beats of each note under it and add them up, then subtract from the bar's total: in 4/4, a half and a quarter make 3, so 1 beat is missing — a quarter. A bar with **only a box** needs one note that lasts the whole bar. Every answer is a single note: no ties. Then clap each line (Handouts 30–36). Finished? Scan the code to check: each line plays with every bar completed. By ear: Exercise 64. How to group notes and rests: Handout 393.

LISTEN

Answers (flip the page; a rest of the same length is just as right, and a whole rest fills any empty bar): A1 quarter · A2 eighth · A3 half · A4 eighth B1 quarter · B2 half · B3 quarter · C1 quarter · C2 half · C3 half · C4 whole D1 dotted quarter · D2 dotted quarter · D3 eighth · D4 dotted half E1 half · E2 half · E3 quarter · E4 quarter F1 dotted quarter · F2 quarter · F3 dotted quarter · F4 eighth B4 dotted half
