Name the intervals: the full toolkit

The complete quality kit. **P** = perfect (the natural size of 4ths and 5ths: P4 = 5 half steps, P5 = 7). **A** = augmented, a half step **wider** than major or perfect. **d** = diminished, a half step **narrower** than minor or perfect. Write e.g. M3, m2, P4, A2, d5.

Hint Two-step method: 1) count letters for the number, 2) count half steps for the quality. F–B and B–F are the famous natural odd ones out — count them carefully. By ear: Exercise 65 and Handout 375.

Answers (flip the page): 1. P4 2. A4 3. d5 4. P5 5. A2 6. m2 7. M3 8. d3 9. d5 10. m3 11. P4 12. A5 13. m3 14. d4 15. M2 16. P5 17. P4 18. A4 19. P5 20. M2
