Name the notes: the C 5-finger scale

Write a letter in every empty box. Your right hand never moves, so there are only **five notes on this whole page** — the five under your fingers, from middle C up to G.

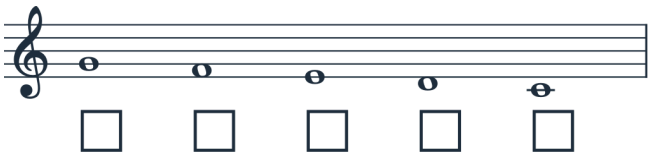

WORD BANK **C** **D** **E** **F** **G**

1 · STEP BY STEP

Going up

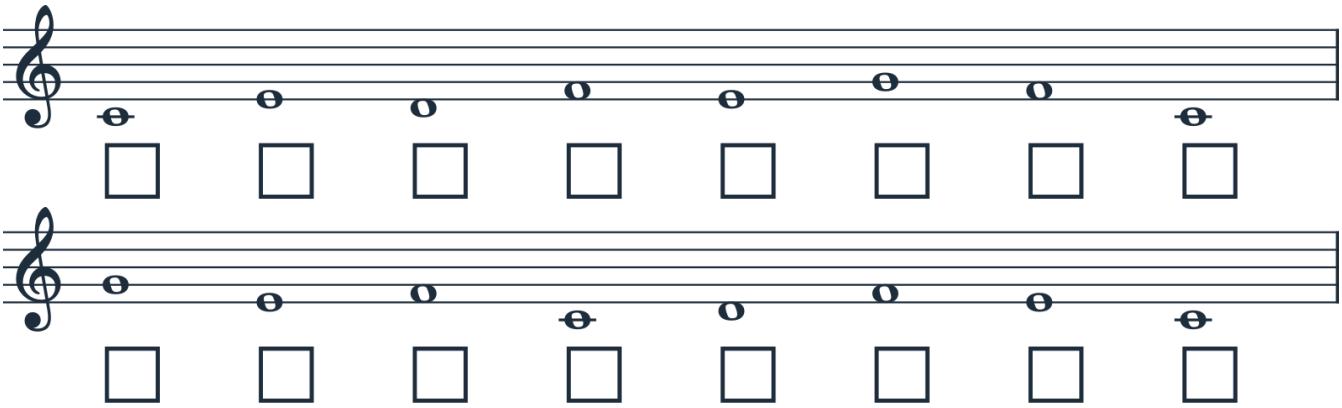

Coming back down

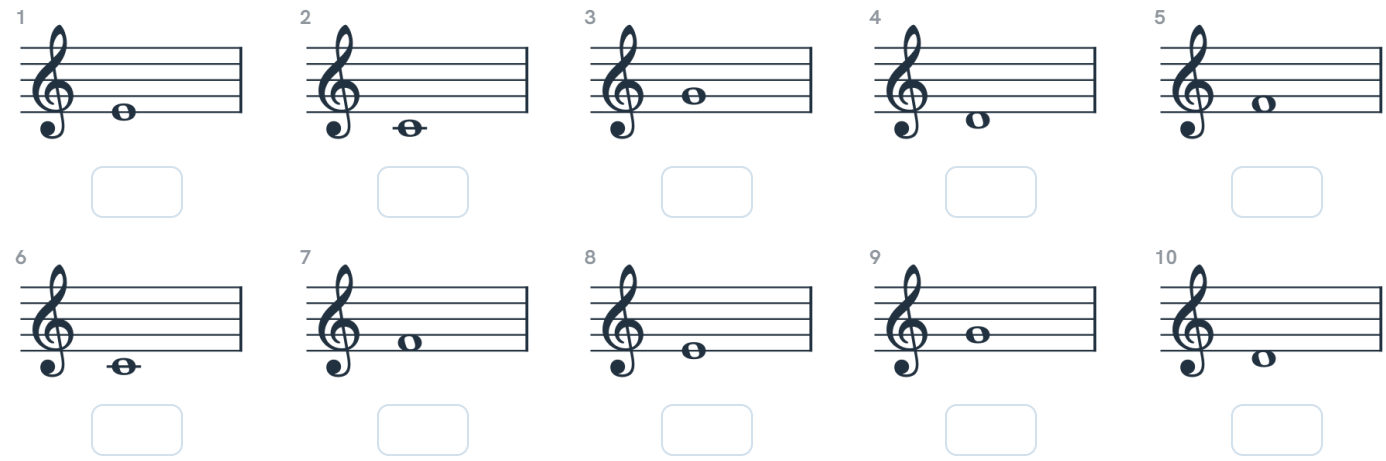

Middle C sits on its own short line below the staff. Every step after that is the next letter up.

2 · MIXED UP

Same five notes, out of order. Name them first, then play each line.

3 · ONE NOTE AT A TIME

Hint Three landmarks name the whole position: **middle C** hangs on the little line under the staff, **E** sits on the bottom line, and the treble clef curls around **G** on the second line. D and F are the notes squeezed in between. (Handout 351.)

Answers (flip the page) — Going up: C D E F G. Coming down: G F E D C. Mixed line 1: C E D F E G F C. Mixed line 2: G E F C D F E C. Single notes: 1. E 2. C 3. G 4. D 5. F 6. C 7. F 8. E 9. G 10. D
