Name the notes: ledger lines

Write the letter name in every box. These notes live **off the staff**, on and between the short ledger lines — up to **three** of them, above and below both clefs. Lines and spaces keep taking turns, just like on the staff. (Need a refresher? See Handout 57.)

Hint Use the **C anchors**. Middle C sits on the first ledger line **below** the treble staff and the first ledger line **above** the bass staff — one key, two addresses. High C is on the second ledger line above the treble staff, and low C is on the second ledger line below the bass staff. Find the nearest C, then count line-space-line-space to the note.
