Note reading chart

Every white key from **C2** (two ledger lines below the bass staff) to **C6** (two above the treble) — and the key it belongs to, straight down the column. Learn it in Handouts 351 (treble) and 352 (bass & grand staff).

● **Middle C** — the pivot, written both ways: one ledger below the treble staff or one above the bass

● the other **C landmarks** — C2, C3, C5, C6

● **clef anchors** — the treble clef curls around G, the bass clef's two dots hug F
