Your Right to Request Deletion of Your Personal Information

You have the right to request that the Company delete any of your personal information collected or maintained by the Company, subject to certain exceptions. You can do this through a VCR. That process is described below in the section, "Submitting a Verified Consumer Request."

We may deny your deletion request if retaining the information is necessary for us or our service provider(s) to:

- Complete the transaction for which we collected the personal information, provide a good or service that you requested, take actions reasonably anticipated within the context of our ongoing business relationship with you, or otherwise perform our contract with you.
- Detect security incidents, protect against malicious, deceptive, fraudulent, or illegal activity, or prosecute those responsible for such activities.
- Debug products to identify and repair errors that impair existing intended functionality.
- Exercise free speech, ensure the right of another consumer to exercise their free speech rights, or exercise another right provided for by law.
- Comply with the California Electronic Communications Privacy Act (Cal. Penal Code § 1546 et. seq.).

- Engage in public or peer-reviewed scientific, historical, or statistical research in the public interest that adheres to all other applicable ethics and privacy laws, when the information's deletion may likely render impossible or seriously impair the research's achievement, if you previously provided informed consent.
- Enable solely internal uses that are reasonably aligned with consumer expectations based on your relationship with us.
- Comply with a legal obligation.
- Make other internal and lawful uses of that information that are compatible with the context in which you provided it.

Submitting a Verified Consumer Request

You have the right to submit a VCR to know information or for deletion. The request to know can be for any or all of the following about you:

- (1) Specific pieces of personal information that the Company has;
- (2) Categories of personal information the Company has collected;
- (3) Categories of sources from which the personal information was collected;
- (4) Categories of personal information that the Company sold or disclosed for a business purpose;
- (5) Categories of third parties to whom the personal information was sold or disclosed for a business purpose; and
- (6) The business or commercial purpose for collecting or selling personal information.

Please note that we are not required to provide personal information to you more than twice within a 12-month period. We cannot respond to your request or provide you with personal information if we cannot verify your identity or authority to make the request and confirm that the personal information relates to you. We will only use personal information provided in a VCR to verify the requestor's identity or authority to make the request.

You can submit a VCR using the following <https://www.titlemax.com/optout/ccpa> or by calling (844) 672-7527. Your request will be verified using information you provide as described on the webform (<https://www.titlemax.com/optout/ccpa>). If you call (844) 672-7527 you will be asked to provide the same information requested on the webform for verification purposes.

If you submit a request that is not through one of these designated methods or is deficient in some manner unrelated to verification, we will either treat it as if it had been submitted in accordance with our designated methods or provide you with information on how to submit the request or remedy any deficiencies.

Once we receive your VCR, we will send you an acknowledgement within 10 business days which will describe our verification process. We will respond to your request within 45 calendar days, if we are able to verify your identity. Requests for deletion will require a separate confirmation that you want your information deleted.

If requests from you are manifestly unfounded or excessive in particular because of their repetitive character, we may either charge a reasonable fee or refuse to act on the request, notifying you of our reason for refusing to act. If we determine that the request warrants a fee, we will notify you of the reason for that determination and provide you with a cost estimate before completing your request.

Please note that, in responding to your request, we are not permitted to disclose or provide you with your Social Security number, driver’s license number or other government-issued identification number, financial account number, any health insurance or medical identification number, an account password, security questions and answers, or unique biometric data generated from measurements or technical analysis of human characteristics. However, we will inform you with sufficient particularity that we have collected the type of information without disclosing the actual data.

Using an Authorized Agent to Submit a Request

Only you, or a natural person or a business entity registered with the Secretary of State to conduct business in California that you have authorized to act on your behalf, may make a VCR related to your personal information. You may also make a VCR on behalf of your minor child. If you use an authorized agent, you may provide a power of attorney executed pursuant to California Probate Code sections 4000 to 4465. If you do not submit a power of attorney that meets those provisions, you must provide your authorized agent with signed permission to submit a request on your behalf. You must also verify your identity directly with us, and confirm that you have provided the authorized agent with permission to submit the request.

If you’re an authorized agent making a VCR you need to do the following using the e-mail in the contact section below:

(a) e-mail a copy of a power of attorney provided to you by the consumer pursuant to Probate Code sections 4000 to 4465; or

(b) e-mail proof of signed permission along with a copy of your ID and have the consumer directly confirm with us that they provided you permission to submit the request by sending an e-mail.
