

# Trademark Official Gazette Resource Guide

January 5, 2015

Beginning with the current United States Patent and Trademark website, you will need to click on the Trademarks menu underneath the uspto.gov header. The Trademarks Home page is shown below. In order to access the Official Gazette (OG), you must click on the left navigation menu with the title “Manuals, Guides, Official Gazette” which is highlighted on the image below.

The screenshot shows the USPTO.gov website. At the top, there is a search bar with the text "search for patents | search for trademarks" and a "Search our site" button. Below the search bar is the USPTO logo and the text "The United States Patent and Trademark Office an agency of the Department of Commerce". A navigation bar contains links for PATENTS, TRADEMARKS, IP LAW & POLICY, PRODUCTS & SERVICES, INVENTORS, NEWS & NOTICES, FAQs, KIDS, and ABOUT US. The main content area is titled "Trademarks Home" and features a "WARNING: Non-USPTO Solicitations May Resemble Official USPTO Communications" section. Below this is a "Trademark Litigation Online Toolkit" section. A "First-Time Filers, Start Here" section includes a "NEW FILERS" button and a link to "View How-To Videos, FAQs, the Basic Facts Booklet, processing timelines and the ID Manual". A "Tools" section lists several tools: TESS (search trademarks), TEAS (file forms online), TSDR (check status & view documents), ASSIGN (assignments), and TTAB (trademark trial & appeal board). On the left side, there is a navigation menu with links for Trademark Search, Trademarks Process, News & Notices, Manuals, Guides, Official Gazette (highlighted with a red box), Laws & Regulations, Online Filing, and Contact Trademarks. Below the navigation menu is a "Highlights" section with links to "FACTS" (Basic Facts About Trademarks), "DATOS En Español", "Basic Facts Videos", "TMIN" (Trademark Information Network), "TMRT" (Trademark Registration Timelines), and "TMFAQs" (Trademark Frequently Asked Questions).

The Manuals, Guides, Official Gazette page will open and is shown in the two graphic below which highlights the section with the Official Gazette.

## Manuals, Guides, Official Gazette

### [Trademark Manual of Examining Procedure \(TMEP\) - October 2014](#)

The TMEP provides trademark examining attorneys in the USPTO, trademark applicants, and attorneys and representatives for trademark applicants with a reference work on the current law, practices, and procedures relative to prosecution of applications to register marks in the USPTO. The TMEP contains guidelines for examining attorneys and materials in the nature of information and interpretation, and outlines the procedures that examining attorneys are required or authorized to follow in the examination of trademark applications.

Between updates to the TMEP, the Office occasionally provides guidance about a particular issue through the issuance of an Examination Guide. Typically, as to that issue, the Examination Guide supersedes the current edition of the TMEP to the extent any inconsistency exists. Any Examination Guides issued subsequent to the publication of the TMEP October 2104 revision, or any issued prior to publication but not incorporated in the TMEP, are listed on the [Trademark Examination Guides](#) page.

**Note:** The current version of the TMEP is October 2014. Since October 2012, the TMEP has been identified by the month and year in which it is issued.

Zipped PDF and HTML files and archived copies of prior versions of the TMEP, beginning with the 4th edition, are available at [TMEP files and archives](#).

To submit comments regarding selected chapters and/or sections of the TMEP via the Trademark policy collaboration site, see the notice at [http://www.uspto.gov/trademarks/notices/Idea\\_Scale\\_800.jsp](http://www.uspto.gov/trademarks/notices/Idea_Scale_800.jsp).

### [Trademark Trial and Appeal Board Manual of Procedure \(TBMP\) – June 2014](#)

The TBMP provides stakeholders with basic information generally useful for litigating trial cases before the Trademark Trial and Appeal Board (TTAB). The manual describes current practice and procedure under the applicable authority, including the Trademark Act, the Trademark Rules of Practice, the Federal Rules (where applicable), and precedential case law.

The TBMP is updated periodically. Between updates, it is recommended that the TTAB's home page be checked for announcements concerning policy, practice and rules changes.

### [Acceptable Identification of Goods and Services Manual \(ID Manual\)](#)

The ID Manual lists identifications of goods and services and their respective classifications that the USPTO examining attorneys will accept without further inquiry if the specimens of record support the identification and classification. The listing is not exhaustive, but is intended to serve as a guide to both examining attorneys in acting on applications and to filers in preparing applications. Using language directly from the ID Manual helps avoid objections by examining attorneys concerning "indefinite" identifications of goods or services; however, applicants must assert actual use in commerce or a bona fide intent to use the mark in commerce for the goods or services specified. Therefore, even with a definite identification, examining attorneys may inquire as to whether the identification chosen accurately identifies the applicant's goods or services.

A failure to list the goods/services correctly with which you use your mark, or intend to use your mark, may prevent you from registering your mark; therefore, proper selection from the ID Manual is critical. Need more information on how to identify your good/services? Watch the Trademark Information "how-to" video on ["Goods and Services."](#) Or need more information on the difference between use and intent to use? Watch the ["Filing Basis"](#) video.

Another resource is the [International Schedule of Classes of Goods and Services](#). This is a listing, by class, of all of the headings for the international classes. It also identifies some of the most common items falling within the class, and includes explanatory notes indicating what the class specifically does and does not include. **NOTE** Under U.S. Trademark law, class headings by themselves are **not** acceptable for registration purposes. The specific items of goods and/ or services must be listed.

[Trademarks Next Generation Acceptable Identification of Goods and Services Manual \(IDM-NG\)](#) - Try the latest Trademarks Next Generation service. See <https://tmdm.uspto.gov>. For more information, see <http://www.uspto.gov/trademarks/notices/TM-IDM-NG-Announcement.jsp>. The TMNG-IDM is best viewed in Microsoft® Internet Explorer® Version 9 and higher, but is also accessible in Google® Chrome® browser version 32. Display resolution settings above 900px are recommended for optimal viewing of the search window and results table.

### [Official Gazette](#)

Every Tuesday, the USPTO issues the Trademark Official Gazette (TMOG), a publication that contains a depiction of the mark, the identification of goods and/or services, and owner information for: (1) marks published for opposition on the Principal Register; (2) marks registered on the Principal Register under 15 U.S.C. §1051(d); (3) marks registered on the Supplemental Register on the date of the particular issue in which the marks appear; and (4) updated registration certificates. The TMOG is presented in a easily searchable web-based form. The USPTO will continue to offer the PDF format for a period of time.

**NOTE:** Trademark notices, such as changes in rules or Office procedures and notices to parties who cannot be reached by mail, do not appear in the electronic TMOG, but instead are available at [http://www.uspto.gov/trademarks/notices/Trademark\\_OG\\_Notices\\_Main.jsp](http://www.uspto.gov/trademarks/notices/Trademark_OG_Notices_Main.jsp).

### [Trademark Examination Guides](#)

Between updates to the *Trademark Manual of Examining Procedure* (TMEP), the Office occasionally provides guidance about a particular issue through the issuance of an Examination Guide. Typically, as to that issue, the Examination Guide supersedes the current edition of the TMEP to the extent any inconsistency exists and the guidance contained therein is usually incorporated into the next edition of the TMEP.

### [Design Search Code Manual](#)

The USPTO assigns all marks containing design figurative elements a 6-digit numerical code(s) for searching purposes. This manual indexes the categories, divisions, and sections that make up these codes. For example, a single five-pointed star would be coded in category 01 (celestial bodies, natural phenomena and geographical maps), division 01 (stars, comets) and

## Trademark Official Gazette (TMOG)

The Trademark Official Gazette (TMOG) is published each Tuesday and contains bibliographic information and a representative drawing for each mark published, along with a list of cancelled and renewed registrations. The TMOG does not contain [USPTO Notices](#). Information about each mark may also be found in the searchable trademark database, [Trademark Electronic Search System \(TESS\)](#). On the publication date or shortly thereafter, the applicant should carefully review the information that appears in the TMOG for accuracy. If any information is incorrect due to USPTO error, the applicant should immediately email the requested correction to [TMPostPubQuery@uspto.gov](mailto:TMPostPubQuery@uspto.gov). For applicant corrections or amendments after publication, please file a [post-publication amendment using the form](#). For general information, contact the Trademark Assistance Center at 1-800-786-9199.

[View the general Frequently Asked Questions about the Trademark Official Gazette.](#)

### Electronic Version of the TMOG

Access the web-based TMOG at <http://tmog.uspto.gov/>.

**ADVISORY:** If you experience any trouble when clicking on the direct links to published records in Notices of Publication received via email and/or that appear in TSDR (Trademark Status and Document Retrieval), you can access the individual record by either 1) copying the link from the email or Notice of Publication in TSDR and pasting it into the url address of a supported browser such as the latest versions of FireFox, Chrome or Safari; or 2) visiting the TMOG main page at <https://tmog.uspto.gov/>, selecting the Official Gazette issue date from the list of Issues in the upper left corner and then entering the 8 digit serial number in the box labeled "Search By" and clicking on the magnifying glass icon to execute the search.

The USPTO is pleased to announce that on March 14, 2014 it posted the latest version of its easily [searchable web-based format of the Trademark Official Gazette](#) (TMOG). This release builds upon the previous version by improving various back end functions to support future enhancements and includes some minor changes to the interface. Please continue to send your feedback and suggestions to us at [tmog@uspto.gov](mailto:tmog@uspto.gov) so that we can keep improving the TMOG. NOTE: In order for the site work to work properly, you must use one of the supported browsers, which include the latest versions of FireFox, Chrome, and Safari; also, you must have Javascript enabled.

### PDF Version of the TMOG

In addition to the electronic version of the TMOG, the USPTO will continue for a certain period to offer a PDF version, accessed below. To search the PDF version, [follow these steps](#). NOTE: Viewing the PDF files will require Adobe's free Acrobat Reader installed on your computer. To download a file, right-click on the link, select "Save Link As..." or "Save Target As...", select the directory, then Save.

### ADVISORY - PDF format change

As part of the ongoing effort to improve and modernize our legacy computer systems, effective the November 4, 2014 Official Gazette, the Office must retire the system that produces the "legacy" pdf files for the Official Gazette each week. The October 28, 2014 Official Gazette will thus be the last one available in the current pdf format.

We will still offer a pdf file for each issue for those who choose not to use the easily searchable format of the [Trademark Official Gazette \(TMOG\)](#); however, the format of the pdf version will differ. Based on user feedback received, the newer version features more complete information for each record, though this results in it having more pages. The newer version also lists the applications in a different order, eliminating the separation between multiple class and single class applications and instead just listing all of the records in ascending order by serial number.

To compare and contrast the new and old pdf versions, you can click the link to the [August 5, 2014 legacy pdf](#) and then click the link to the [August 5, 2014 TMOG version](#). While the format for the newer pdf version cannot be changed in the short term, we greatly appreciate your feedback and suggestions about improving it for future releases. Please send commentary via [tmog@uspto.gov](mailto:tmog@uspto.gov) so that we can continue to improve the TMOG.

## Search Results

If you want to select more than 20 items at one time, you will need to change the number of results displayed per page. You will need to scroll to the bottom of the screen, just below the results where the record number and results per page are displayed. The default is 20 results per page. Note there is a down arrow next to the number 20. This means you can click in the box to change the number. The maximum number of items to display is 200. Please note that 200 results per page may take a little longer for the page to load on some machines.

January 5, 2015

The screenshot shows the USPTO Trademark Official Gazette website. A 'Customize Fields' dialog box is open, allowing users to select which fields to display in the search results. The dialog box has a title bar with 'Customize Fields' and a close button. Below the title bar, it says 'Select the fields you would like displayed in the following sections:' and provides two buttons: 'Deselect All' and 'Restore Defaults'. The main area of the dialog box is titled 'Case Fields' and contains a list of fields with checkboxes. The fields and their checked status are: Mark Image (checked), Mark Literal(s) (checked), Serial Number (checked), Filing Date (checked), Current Owner(s) (checked), Int./U.S. Classes (checked), Goods and Services (checked), Mark Description (unchecked), Publication Reason (unchecked), Registration Date (unchecked), Disclaimer (unchecked), Filing Basis (unchecked), Registration Number (unchecked), Additional Statements (unchecked), and Foreign Information (unchecked). A 'Close' button is at the bottom right of the dialog box. In the background, the website interface is visible, including the 'uspto.gov' logo, navigation tabs for 'Search', 'My List' (with a count of 20), and 'Resources'. The 'My List' section shows 'Showing 20 record(s)' and a table of trademark records. The table has columns for 'Serial Number', 'Description', 'Filing Date', 'Int./U.S. Classes', 'Mark Drawing Code', and 'Mark'. The records listed include: 86414393 (COSMETICS, FRAGRANCES, MAKE UP, SKIN CARE PREPARATIONS...), 86412786 (Bath gel, Bath salts, Bath soaps...), 86403382 (Bath gel, Bath salts, Bath soaps...), 86403164 (Bath gel, Bath salts, Bath soaps...), 86402245 (Bath gel, Bath salts, Bath soaps...), 86402089 (Bath gel, Bath salts, Bath soaps...), and 86392030 (Bath gel, Bath salts, Bath soaps...). Each record has a 'Download' and 'Email' button to its right.

You can also email the results to yourself by clicking on the Email button. A new tab will open up and if your computer is automatically set to use an email program, that program should open with the link to the results in the eOG.
