

GEEZY®

Assembly Instructions for the Water fountain w/ LED Light Item: SS7155011B

- Take the fountain out of the box.
- Take the LED light and place it in the hole on the fountain (Step 1)
- Plug the LED light into the adaptor that is connected to the pump (Step. 2)
- Connect the pump to the tubing in the fountain (Step 3)
- Take the cord and place it in the groove that is cut out towards the back side of the fountain. (Step 4)
- Put the assembled fountain on the basin (Step 5)
- Put water (800ML approx.) in the basin of the fountain (about ½ way full) take all cords and pump and place it in the water, be sure to make sure there is enough water in the bottom of the fountain so that the pump will be completely submersed. (Step 6)
- Add included decorative rocks on the fountain. (Step 7)
- Connect the adaptor to the pump cable. (Step 8)
- Plug the pump in and enjoy. (Step 9)

Part	Description	Quantity	Part	Description	Quantity
A	Fountain Topper	1 pc	D	Fountain base	1 pc
B	LED light	1 pc	E	Adaptor	1 pc
C	Water pump	1 pc	F	Pebble stones	1 bag

NOTE: Allow the pump power cord to hang at a lower level than the wall outlet to form a “drip loop”. This will help prevent water from dripping down the power cord and getting into the wall outlet. Be careful not to spill water onto the plug of the pump. **DO NOT** allow the pump to run dry!
