For many salon clients, semi-permanent hair color is the gateway to their hair color experience. And success and satisfaction allows the colorist to venture into the nuances and long-term advantages of permanent hair color.

That is why Tocco Magico spared no effort in formulating a unique Emulsion Activator for Rhol Color. Its essential fatty acids are 99% pure and natural derived from vegetable rather than synthetic sources. The natural structure of these acids are more easily absorbed into the hair, eliminating damage and reducing split ends, resulting in healthy hair and beautiful color. Rhol Color Active Emulsion.
