GENERAL INFORMATION

Quality Holders and Displays for Your Collectibles

Guardhouse is an in-house brand and product line of Transline Supply Company. Since 2001, Transline has been an industry leader in the distribution of holders, displays and supplies for the coin and collectibles business.

The Guardhouse product line features a wide selection of storage, processing and display solutions for coins, paper money, comic books, trading cards, and other collectibles.

Where Can I Purchase Guardhouse Products?

Guardhouse products are available at your local coin, comic or trading card shop, through online retailers and from most coin supply distributors.

Retail customers can shop the full line of Guardhouse branded products at www.guardhouseholders.com.

Qualified distributors and resellers to the trade may order directly from Transline Supply Company at www.translinesupply.com.

For new Transline wholesale account inquiries, go to www.translinesupply.com/newaccounts or call Transline Supply Company at (800) 575-4007.

COIN TRANSPORT CASES AND MAILER

Shipping Cases and Mailer

Ultimate Coin Slab Cases

Watertight, high density polypropylene cases with air-lock and custom foam insert designed to hold and protect your certified coin collection in transit.

These high impact cases feature a rubber molded handle, O-ring seals and automatic pressure equalization. The core is custom designed to perfectly hold PCGS and NGC slabs, or similar sized slabs.

Metal Shell Slab Boxes

Velvet, Velour and Leatherette Styles

These sturdy boxes accommodate NGC or PCGS slabs and offer a premium packaging and display option for collectors. The stock exterior finish includes velour, velvet or leatherette material in blue or black and come neatly packed inside a white sleeve. The interior base of the box features a flocked vacuum form insert, which is color-matched to the exterior wrap. A white die-cut puff provides a final finishing touch to the interior of the box.

DEFENDER™ Coin Slab Holders

Friction-Fit Holder • Stackable • Silicone Insert

The Defender slab-style coin holder offers collectors a practical and stylish system to store, protect and display your coin collection. The slab's stackable design, angled corners, octagon gem bevel and frosted edges are visually distinct from other coin holders and contribute to the Defender's trademark look. Defender coin holders are comprised of 4 components: a lid, base, silicone ring and description label, which are easily assembled with a solid friction fit. A small notch at the bottom of the slab allows for reopening, if needed.

Bulk Direct-Fit Capsules

EvoCore Direct-Fit coin holders are available in boxes of 50 and 250. Each box consists of capsule lids and bases layered between protective foam sheets in a configuration that allows for efficient bulk processing of coins. The exterior dimensions (S, M, L and XL) are measured to industry standard to fit coin capsule boxes and displays. For smaller projects, EvoCore 50 packs offer an economical solution.

Evocore holders are crafted from PMMA (acrylic), a premium plastic that combines excellent optical clarity, durability, scratch resistance, and long-lasting performance.

Bulk Ring-Fit Capsules and Rings

EvoCore ring-fit capsules accommodate coins with diameters from 13 to 41mm using foam rings and four standard capsule sizes: Small, Medium, Large and Extra Large. The rings, which are made from a medium density polyethylene, are flexible and designed to form fit your coin.

For example, a small U.S. Dollar diameter is 26.49 mm and fits in a 26mm ring (#668583). In turn, a 26 mm ring fits into the Large size coin capsule (#781689).

For a complete list of U.S. coin sizes, see page 94

Vac-Form Pages

Create a custom album for coin capsules or slabs with Guardhouse vac-form pages. Made from crystal-clear PET, these pages are solid in their construction and extremely durable. A snap-tight mechanism securely encases the coin capsules or slabs into a clamshell design, allowing visibility of both the obverse and reverse of the coins.

Vac-Form pages are best suited for use with Cornerstone, Guardhouse or other large capacity binders (see page 40) and are available for small, medium, large and XL coin capsules, Defender, NGC, PCGS and similar sized coin slabs.

Standard vs. Heavy Duty Storage Boxes

Designed with shipping and transport in mind, heavy duty slab boxes are made to the height of a coin slab.

Standard duty boxes are slightly shorter than a coin slab, which makes it easier to 'flip through' and process the contents.
