The super-duty, 150-175 capacity Guardhouse Magnetic Lid Box holds current or silver age comics and features an attractive, semi-gloss finish. Unlike a corrugated box, this box supports large vertical loads, stacks easily, has strong handles for lifting and transport, features an elegant unibody design with living hinge lid that snaps closed with magnets, and lasts for years.

Simply a better way to display, store and organize collections, these boxes ship flat and set up in seconds, all without the hassle of separate lids piling up or getting misplaced. Just fold up the sides, remove the 3M tape overlay and press the flaps firmly together!
