To our patients at Somerset Gynecology and Obstetrics:

Due to recent COVID-19 Pandemic, Beaumont Hospital has implemented a new policy limiting the number of visitors allowed into the building.

- Only one (1) support person may accompany our patients on Labor and Delivery
- The support person must remain in the hospital room with the patient for the duration of the visit
- The support person may NOT wait in waiting rooms or public areas or cafeterias
- No one under 16 years old will be allowed to visit – except under extraordinary circumstances
- Beaumont Hospital has a limit of 1 support person on the premises at a time. There are no open waiting rooms.

This is a dynamic, critical situation, and other restrictions may be placed without advanced notice. We appreciate everyone's understanding and cooperation as we all try to keep each other safe.

Thank you for helping us keep our patients safe,

Somerset Gynecology and Obstetrics
