

Dear Patients,

We're excited to announce that our Walk-In Urgent Care Clinic is now open on Saturdays, beginning October 4, 2025! Patients can be seen from 8:00 AM to 4:00 PM.

Why Choose Us First?

- **Save Time:** Get the right care quickly and avoid unnecessary ER trips.
- **Save Money:** Independent ERs not connected to a hospital may be out of network and very costly. Visiting us first helps ensure your care is covered.
- **Get the Right Care:** Many urgent needs can be managed right here without an ER visit.
